1. This Document

The purpose of this document is to establish the credentials of MR Consultancy with a brief introduction on the activity and focus of the organization.

2. Introduction

MR Consultancy, though primarily a Civil and Structural engineering firm renders consultancy services in other disciplines of engineering as well. The Company was incorporated in July 2021. Since then, the Company has undertaken and successfully completed a number of projects, diverse in nature and size. The goodwill, the Company has earned, has fetched repeat orders from its clients. The clientele includes companies of repute in public sector, private sector and in co- operative sector.

Experience

The organization has taken up consulting activities in the following fields:

- Detail engineering of Water Retaining Structures such as Water Treatment Plants, Sewage Treatment Plants, Effluent Treatment Plants & Combined Effluent Treatment Plants
- Detail Engineering of residential buildings, hostels and industrial parks.
- Detail Engineering of Railway various quarters.
- Preparation of Pre-Tender Estimate of Water Treatment Plants.
- PMC for office/administrative buildings, industrial estates, school and Water Retaining Structures Projects

Activities

The organization can broadly be distinguished into various divisions based on their line of activity.

- The Planning & Design Centre is manned by qualified and experienced engineers in the field of:
 - Structural Engineering.
 - Electrical & Mechanical Engineering.

- The Project Management Centre deals with the following:
 - Contract administration & management.
 - Procurement.
 - Quality assurance.
 - Quantity estimates.
 - Construction Supervision.
- Social Sector Development Centre deals with study and impact assessment in various areas like
 - Skills development program
 - Socioeconomic survey
 - Impact assessment study
 - RR assessment
- Institutional and Capacity Building:
 - Institutional assessment.
 - IEC activities & conducting trainings workshops.
 - Awareness generation campaigns.
 - Skills development training programs.
- Financial Management Centre manages the internal account & finance, project appraisal & feasibility for funding by external agencies.

Infrastructure Facilities

The organization has a well-equipped infrastructure facility with a state of the art Computer Aided Design center equipped with computers, printers, & plotter and manned by qualified and experienced engineers & CAD operators to deliver complex design and drawings. These are supported by high resolution field equipment(s) of Total stations, auto levels. The organization has also lease access to high resolution DGPS & Sonar for survey.

- 2000 Sq ft of well-furnished office space with all modern amenities.
- Wi-Fi connectivity.
- Fully equipped CAD centre with 8 work stations, plotter & laser printers, Copiers.

- Software: STAAD Pro for structural design, AutoCAD, in house software for sewer network design and distribution, etc.
- A well-equipped conference hall with AV facility
- Survey and investigation facilities with DGPS system, 6 nos. Total Stations and 4nos. Auto level with adequate staff. Sonar facility to take up Bathymetric survey.
- A library having technical books by renowned national & international authors, Manual on water supply & treatment, Civil Engineering Handbook, periodicals, journals, IS codes, etc. for reference.

Few of our Esteemed Clients

During this growth period of more than one decade, we have worked for national & international clientele of repute that *inter alia* includes:

- Tata Projects Ltd.
- Voltas Ltd.
- Universal MEP Projects & Engineering Services Ltd.
- Ecodeeds Pvt Ltd.
- OP & HS Infra
- Rean Watertech Pvt. Ltd.
- Megha Engineering & Infrastructures Limited
- PD&EX Management Services Private Limited.
- Shambhu Singh.
- Civil Mantra
- Gimex India Projects & Engineering Pvt Ltd.

Key Strengths

- Whether it is setting up a new line of activity, representing our principals for statutory purposes or for the complete implementation of large and complex technical projects, a cornerstone of our success so far has been ***locating local resources of the highest quality*** for very specific and technical project needs of the partner agencies that we work for.
- Enabling a single stop shop for a range of multi-dimensional needs is what MR Consultancy specializes.

- Strong comprehension of the situation and appreciation of how individual projects fall into the overall milieu of change and developments is a key strength that we bring in.
- Our relationships with various stakeholders ensure a smooth and hassle-free delivery of projects.
- Lastly, we are constantly learning from the vast repertoire of experience that our clients bring in and are always keen to adapt to changing demands. After all, change as they say is the only constant in life!!

3. Key Projects implemented by the organisation and team associates

Name of the Project	Principal Client	Brief Summary
WATER SECTOR		
Sikar sewerage project under amrut-2.0 package (amrut-2.0/raj/sewerage-05)	Ecodeeds Pvt Ltd	Preparation of detailed structural design and checking of structural drawings for SBR, Grit chamber, Inlet Complex, CCT, industrial building, framed building, Boundary wall and supporting substructure.
Development of sewage treatment plant & associated infrastructures on hybrid annuity model basis at - moradabad	Ecodeeds Pvt Ltd	Preparation of detailed structural design and checking of structural drawings for SBR, Grit chamber, Inlet Complex, CCT, industrial building, framed building, Boundary wall and supporting substructure.

Name of the Project	Principal Client	Brief Summary
Works of sewer system, stp and sps/mps at churu,hanumangarh-sujargarh under package (amrut-2.0/raj/sewerage-06)	Ecodeeds Pvt Ltd	Preparation of detailed structural design and checking of structural drawings for SBR, Grit chamber, Inlet Complex, CCT, industrial building, framed building, Boundary wall and supporting substructure.
3 mld sewage treatment plant based on-tech technology at kaulagarh, dehradun.	Ecodeeds Pvt Ltd	Preparation of detailed structural design and checking of structural drawings for SBR, Grit chamber, Inlet Complex, CCT, industrial building, framed building, Boundary wall and supporting substructure.
21 mld water treatment plant at piparjori	PD&EX Management Services Private Limited	Preparation of detailed structural design and checking of structural drawings of Clarifloculator, Sludge Sump, Cascade Aerator, Equipment foundation, Industrial Shed, Industrial Building and supporting substructure
ASKA- STROM WATER-DEBABHUMI	MEGHA ENGINEERING & INFRASTRUCTURES LIMITED	Detail engineering and good for construction drawing for Pannel room, CWR sump & Pump House.
Railway electrification work for hanumangarh - sriganganagar -sarupsar - suratgarh, incl. sarupsar - anupgarh, madar - pushkar,degna - ratangarh, hisar - suratpura sections of nwr (package no.1).	Tata Projects Ltd.	Detail engineering and good for construction drawing for Railway Quarters with architectural and electrical drawings.
Design, supply, instalation, testing & commisioning of railway electrification work for pipar-bilara , makrana-parbatsar , merta road-merta city, merta -jodhpur(rai ka bag)& merta -phulera section of north eastern railway (packge no 3)on engineering ,procurment and contruction (epc) mode.	Tata Projects Ltd.	Detail engineering and good for construction drawing for Railway Quarters with architectural and electrical drawings.

Augmentation of intake, wtp & rising main for surface water based piped water supply scheme of mangal pandey water treatment plant for arsenic affected areas of north 24 parganas district to accommodate fhtc under n 24 pgs w/s division	Civil Mantra	Structural design for ESR, GSR and pump houses
Execution of 03 nos. individual rural piped water supply projects to gurundia, koiria & lahunipada blocks of sundergarh district, odisha including 5 years operation & maintenance on epc contract	Voltas Ltd	Structural design and drawing for WTP, GSR, ESR .
Execution of mega rural piped water supply scheme to 144 villages of baliapal block of balasore district.	OP & HS Infra	Preparation of detailed structural design and checking of structural drawings of Clarifloculator, Sludge Sump, Cascade Aerator, Equipment foundation, Industrial Shed, Industrial Building and supporting substructure
Raw water supply to kribhco project, nellore .	OP & HS Infra	Structural design and drawing for Intake Well.
Hussaainabad water supply scheme	Shambhu Singh	Preparation of detailed structural design and checking of structural drawings of Clarifloculator and supporting substructure
Sultangang-nathnagar multi-village water supply project for arsenic affected areas bhagalpur.	Rean Watertech Pvt. Ltd	Structural design and drawing for Approach Bridge.
Numaligarh refinery expansion project at- Assam	Gimex India Projects & Engineering Pvt Ltd	Preparation of detailed structural design and checking of structural drawings of Substation Building, DG building, Equipment foundation, Industrial Shed, Industrial Building and supporting substructure
LB Nagar multi village water supply scheme, block-dongargarh, dist. rajnandgaon (C.G.)	Gimex India Projects & Engineering Pvt Ltd	Preparation of detailed structural design and checking of structural drawings of Clarifloculator, Sludge Sump, Cascade Aerator, Equipment foundation, Industrial Shed, Industrial Building and supporting substructure
Pre-bid and post-bid engineering design service for STP & WTP	Ecodeeds Pvt Ltd	Design & drawing for Intake, WTP, rising main, storage, pumping and preparation of estimate & BOQ

4. Key Resources for Engineering and Infrastructure

A core team supported by project specific consultants is available to support delivery of projects. In addition to the core team MR Consultancy has a well established database of West Bengal based specialist associates across various fields. Strong relationships with associates enable MR Consultancy to deliver high quality work in a time bound manner as per project requirements.

Sl.	Field of Expertise	Qualification	Experience	No. of personnel
1	Structural	M.E.	12 yrs.	1
2.	Structural	B.E.	12 yrs.	2
3.	Structural	B.E.	3 yrs.	1
4	Other support staff		5 -15 yrs.	6
